JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

ship *Indianapolis*, Daiquiri, Cuba, ore. May 23, American barkentine *Frances*, Rio de Janeiro, coffee; American bark *Baltimore*, Rio de Janeiro, coffee; British steamship *Alabama*, Daiquiri, Cuba, ore; Norwegian steamship *Iberia*, Banes, Cuba, fruit.

Respectfully,

WM. F. STONE,  
Collector.

*Reports from the Mexican border.*

*Eagle Pass, Tex., May 20—Inspection service.*—I have the honor to report that upon the 15th instant I took from the train here and placed in the detention camp 1 man, who was six days out of Vera Cruz, Mexico. His baggage, etc., was fumigated and the man placed in camp, where he remained, under observation, until ten days had elapsed since his leaving Vera Cruz. All suspicious baggage, etc., from City of Mexico is being disinfected, and the disinfection of all Pullman soiled linen continues daily.

No cases of typhus, or persons with symptoms of this disease, have as yet appeared at this station.

LEA HUME,  
Sanitary Inspector, U. S. M. H. S.

*El Paso, Tex., May 18, 1901—Inspection service.*—I have the honor to submit the following report of summary of work at the station for the week ended May 18, 1901: Inspection Mexican Central Railroad passengers, 138; inspection (special) passengers from City of Mexico, 29; inspection Rio Grande and Pacific Railroad passengers, 15; inspection of immigrants, 65; disinfection of clothing, blankets, etc., 50 pieces; disinfection cattle hides imported from Mexico, 450 pieces; disinfection soiled linen imported for laundry work, 317 pieces; disinfection Pullman soiled linen, 3,270 pieces; disinfection of baggage of passenger five days out from Tampico.

E. ALEXANDER,  
Acting Assistant Surgeon, U. S. M. H. S.

*Laredo, Tex., May 5, 1901—Inspection service.*—I have the honor to submit the following report of inspection for week ended May 11, 1901: Passenger trains inspected entering from Mexico, 14; persons on trains entering from Mexico inspected, 437; immigrants inspected, 46; immigrants vaccinated, 11. May 8, placed 1 person in detention who was three days out from Vera Cruz, originally from Frontera; 1 trunk disinfected; Pullman Company linen disinfected, 3,793 pieces.

H. J. HAMILTON,  
Acting Assistant Surgeon, U. S. M. H. S.

*Statistical reports of States and cities of the United States—Yearly and monthly.*

COLORADO—*Denver.*—Month of April, 1901. Estimated population, 136,000. Total number of deaths, 216, including diphtheria, 9; enteric fever, 2; scarlet fever, 11, and 47 from tuberculosis.

CONNECTICUT—*Bridgeport.*—Month of April, 1901. Census population, 70,996. Total number of deaths, 112, including diphtheria, 2; enteric fever, 2, and 24 from tuberculosis.

*Hartford.*—Month of April, 1901. Estimated population, 79,950. Total number of deaths, 113, including diphtheria, 3; enteric fever, 2, and 21 from phthisis pulmonalis.

IOWA—*Davenport*.—Month of April, 1901. Census population, 35,254. Total number of deaths, 54, including diphtheria, 1; enteric fever, 1, and 7 from tuberculosis.
